

# Mystery Skype

## PERMISSION FORM

Dear Parents,

I am so excited to share that our class will be participating in Mystery Skype experiences with other classrooms from around the country - and possibly the world - this year! During a Mystery Skype, the students will have to collaborate and think critically in order to ask and answer questions in real-time. These Mystery Skypes will help reinforce academic skills, build team spirit in our classroom, and create excitement while also exposing the students to other cultures. Scan the QR code below to see a video of real students participating in a Mystery Skype. Please let me know if you have any questions or need more information! I know the students will love telling you all about our Skypes this year!

*Thank you!*

---

*Please complete and return this portion to school.*

Student's Name: \_\_\_\_\_ Parent's Name: \_\_\_\_\_

- YES! My child has permission to participate in Mystery Skypes this year.
- No, I do not give permission for my child to participate in Mystery Skypes.
